

2022
impact report

hello, dear friends!

Our theme for 2022 was **John 1:5** "The light shines in the darkness and the darkness has not overcome it" (NIV).

This really spoke to us! The staff and volunteers at Options love living out the calling to shine light into our community. In 2022, we found ourselves continuing to face challenges related to the pandemic. 2022 brought the overturn of Roe v. Wade and made Washington an abortion sanctuary, with Olympia its capital. One impact of the pandemic and the overturn of Roe was a huge uptick in chemical abortions. We saw women who'd taken the first half of the drug cocktail and changed their minds. Thank God we were able to help them get abortion pill reversal!

Our youngest patient was 12 and we saw a lot of young people, but the majority of our patients were between the ages of 30 and 44. We saw men for STI tests and treatment, and we had new dads take our parenting classes alongside the women who were carrying their precious children. Every person God brought to us was loved, and offered the gospel. THIRTEEN people dedicated their lives to Jesus in our office in 2022!

In 2022, 95% of our patients who had sonograms said they were choosing life for their babies. Meeting their babies, seeing the little fingers and toes, watching the hearts that God Himself set to beating, really does make an incredible difference in the choice for life.

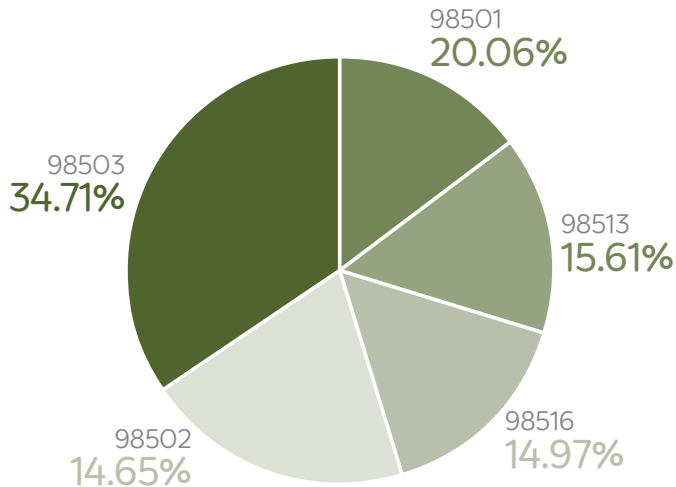

Thank you, Friends, for helping us to shine light in the darkness in 2022. This lifesaving work is a group effort! We thank God for you, and we look forward to continuing to make a difference in individual lives and in our community in 2023.

Affectionately,
Mary

“Such an awesome place and they do so much for the families in our community.”

Mercedes, Marquitos & Princeston

Parenting Education:

1,250 classes were taken at Options by our patients in 2022 on topics that included pregnancy, childbirth, postpartum, breastfeeding, infant care, parenting, baby language, toddler safety, child abuse prevention, anger management, sexual integrity, giving God your worst (trusting God), personal financial health, job hunting, family stability inside change, choosing marriage, trauma recovery, and more!

“The kind hearts were such a blessing to my family during my pregnancy, especially as a military family with no family or friends nearby.”

Emily & Josie

1,250
classes were taken

We also provided CPR certification to 24 individuals

did you know?

- 1 in 4 women will have an abortion by age 45.*
- 4 in 10 women having an abortion were attending church regularly at the time of their abortion decisions.**

“Options gave me my very first ultrasound. It was an amazing experience!”

Braylee Lilo & Catalina
